FlexSecure FS 15

Budco
Security That Is Evident Since 1964

The FlexSecure FS 15 is a 1.5 mm (1/16") anodized aluminum bodied cable seal. FS 15 is regularly used in bulk food and chemical shipments over the road.

APPLICATIONS

- High Value Shipments
- Trailer Door Latches
- Container Door Latches
- Bulk Tankers
- Valves and Meters

FEATURES

- Tamper-evident cable separates into individual strands when cut and cannot be resealed.
- Provides added durability over plastic bodied seals but maintains the color identification.
- Provides a versatile method of identification.
- Available in a variety of colors.
- Can be customized by laser printing a name, logo, consecutive numbers and barcode.
- Patent Pending.

MATERIAL

- Main body: Aluminum alloy.
- Internal Locking Components: Zinc and Steel
- Cable: galvanized non-preformed aircraft control cable.

STRENGTH CHARACTERISTICS

- 727 lbs.
