## In Stock And Ready To Ship.

### A Code-Erase® MICR Code Remover

QS

Code-Erase is a complete MICR print eraser system that includes MICR solution, tray/holder, and blotter pad. Bottle fits securely in tray/holder. 4 oz. size reduces waste due to evaporation. Shrink-wrap closure seal eliminates leakage and solution evaporation during shipping and storage. Longer life-magnet in bottle traps ink from both dauber and solution, leaving both clean for smudge-free erases. Money-saving dauber squeezes out excess solution during removal from bottle. Each case includes: 4 bottles of solution, 1 tray/holder and 1 blotter insert. Additional tray/holders and blotter inserts are available separately.

Cat. No.	Description	1	3	6
16-269-6004-00	Code-Erase Case	\$29.00	\$28.50	\$27.00

### B Check Strips

QS

- “Clear” check strips have translucent back sheet that adheres to the back of the check, allowing visibility for microfilming.
- Strips are applied manually.
- 2000 strips per box, Priced Per Box.

Cat. No.	Length	1	3	6
23-CS6	6"	\$55.50	\$51.00	\$47.50
23-CS7316	7 <sup>1</sup> / <sub>16</sub> "	\$63.00	\$61.00	\$56.00
23-CS850	8 <sup>1</sup> / <sub>16</sub> "	\$64.00	\$62.00	\$59.00

For best results, the check strip should be flush with the right edge of the check.

### C MICR Correction Labels

QS

- 4 mil. foil-backed material provides greater opacity without extra thickness.
- Self-dispensing container keeps labels neat and readily available.
- Simple application.
- 8 mil foil-back labels available.
- 1000 per box, Priced Per Box.

Cat. No.	W x D	1	6	12
23-PA-175FB	1 <sup>3</sup> / <sub>16</sub> " x 7 <sup>1</sup> / <sub>16</sub> "	\$9.75	\$9.50	\$9.25
23-PA-200FB	2" x 7 <sup>1</sup> / <sub>16</sub> "	\$9.75	\$9.50	\$9.25
23-PA-2516FB	2 <sup>5</sup> / <sub>16</sub> " x 7 <sup>1</sup> / <sub>16</sub> "	\$9.75	\$9.50	\$9.25

**Recommendations:**

23-PA-175FB are usually used for routing and transit or account number (On Us) fields. May be used in the amount field on some checks but requires very careful positioning.

23-PA-200FB are usually used for the amount field when positioning is tight with On Us field programs. May be used with all fields with careful positioning.

23-PA-2516FB are usually used in the amount field when spaces 13 and 14 must be covered.

Call for other styles and colors

Reduce the “jam rate” of your materials and increase the capacity of sorters, readers and other data processing machines with Syntron® paper joggers. Specially designed units eliminate downtime and the extra steps needed to remove checks from transit trays, place them in individual rack pockets for jogging and then return the aligned checks to the original trays. For areas where low sound levels are essential, Syntron WhisperDek® models, featuring special sound-absorbing construction, are ideal.

**NEW!**  
**Mini CheckMate®**  
PAPER JOGGER

A

Ideal for jogging small quantities of checks in a fast and simple operation!

B

C

## Syntron® Paper Joggers

### A Mini-CheckMate Paper Jogger

- Long life, quiet operation
- Quick instant check alignment
