## Organization: The Key To Internal Security.

### A-B Uni-Tag™ Single-Tag Key Cabinets

QS

All cabinets are made of welded heavy-gauge steel construction with piano hinged doors and key panels. Available locking options include standard key lock, that can be master keyed for an additional charge, and dual control locks for added security.

Keys are attached to numbered key tags and filed on key rack slots for easy identification. Slotted steel key racks hold key tags securely. When a key is loaned or issued an “out key” control tag recording key number, key recipient, and date is filled out. “Out key” tag is filed on same slot to provide key accountability. Alphabetical and numerical lock location data charts aid in organization. Color: Sand.

Cat. No.	Key Capacity	Dimensions (H x W x D)	Price Each
16-201-9010-03	10	6 $\frac{1}{2}$ " x 6 $\frac{1}{2}$ " x 2"	\$28.50
