7-Pin Security Bags Provide Ultimate Security & Durability

A

The Most Secure Lock in the Industry.

Businesses that take security seriously prefer the 7-Pin lock. The seven pins inside the tumbler make the lock virtually pick-resistant. The lock is unique because the key cannot be released until the lock plunger is pressed down. This feature prevents users from accidentally locking their keys inside the bag.

Pick-resistant metal zipper. Strong, nylon zipper tape. Easy-grip molded zipper pull.

Reinforced seams add strength and prevent raveling.

UltimaShield™ metal guard protects lock from impact and abuse. U.S. patent 5820267

Heavy-duty vinyl secures lock to bag. No gaps around lock to permit wrongful entry.

A night deposit bag for banks or... a high security locking bag for any business!

7-Pin Security Bag

For carrying deposit transactions to the bank. Stores and protects coin, currency, checks and documents. 7-pin lock provides maximum security to contents. The lock is unique because the key cannot be released until the lock plunger is pressed down. This feature prevents users from accidentally locking their keys inside the bag. Double-stitched seams provide extreme strength. Durable fabrics and quality craftsmanship make these bags withstand the impact of the night deposit drop, as well as daily abuse. Built-in lock is keyed differently with no master key. Other lock options available when specified (see options at left). Two keys supplied with each bag, ideal for multiple bag users or spares. Master-keying option reduces the number of keys to maintain. Bags include silk screen imprint (one color/one location), consecutive numbering (one color/one location), and framed I.D. window and address card. Allow 3-4 weeks for delivery. Please call for pricing on quantities over 100 bags. **Fabric color choices on pages 18-19.**

C

2 Lock Options For Your Own Level Of Security.

A

- 1 Bag is given to user in an open position with no key.
- 2 User places vinyl strap around lock plunger so bag won't lock. At end of shift, strap is pulled over plunger and placed inside bag.
- 3 User zips bag and presses down plunger. Bag can now be returned to the cash management office. Contents are retrieved by authorized employee possessing the key.

A 7 Pin Key-Free Bags

Stores and protects money, checks and documents. Bag creates control measures for businesses that prefer management to retain all bag keys. Retail stores, trucking companies, tollway authorities, casinos, and amusement parks are businesses already using Key-Free bags. 7-pin lock provides maximum security to contents. Double-stitched seams prevent breakage. Durable fabrics and quality craftsmanship make these bags withstand daily abuse. Built-in lock is keyed alike. Other keying options available when specified (see keying options pg. 7). Bags include two keys, silk screen imprint (one color/one location), consecutive numbering (one color/one location) and framed I.D. window and address card. Fabric color choices on pages 18-19.

7-Pin Transport Bags

7-Pin Transport Bags carry nearly anything comfortably and securely. Each bag is constructed with reinforced seams, pick-resistant zipper, metal shield and heavy-duty vinyl around the lock to provide longevity and security. Bags are available in several colors and a silk-screen imprint (one location, one side) is included. Bags also include an I.D. window and address card, and two keys.

The seven pins inside the tumbler make the lock virtually pick-resistant. The lock is unique because the key cannot be released until the lock plunger is pressed down. This feature prevents users from accidentally locking their keys inside the bag. Two keys are supplied with each lock, ideal for multiple bag users. As a standard, the lock is keyed differently with no master key. Other lock options are available.

GUIDELINES FOR SUBMITTING ARTWORK

General Guidelines

- Specify imprint colors with PMS ink color(s).
- Artwork for envelopes should not bleed; all printable material (live matter) should be at least 1/8" inside the envelope trim size.

Electronic Artwork Requirements

- Preferred file format: Vector images created in Adobe Illustrator CS3 or earlier (file names ending with .eps or .ai).

- Acceptable file formats: QuarkXpress 7.0 or earlier, PDF.
- Convert all text to outlines.
- Include all fonts and linked graphics.
- Raster images (file names ending in tif, .jpg or .psd) will be reviewed by the art department to determine if acceptable. Please note that saving a placed raster file as .eps does not qualify as vector art.
- Low-resolution electronic files such as Microsoft Word (.doc) and web images (.bmp and .gif) are not acceptable.
